My Success Story Business Game is a new mobile game that simulates business arrangements created with the background in the workplace. Players in the game will start from an impoverished exam. You can first accumulate experience in the company, improve your position and ability, and constantly strive to become a rich man. Of course, it will not be that simple. Download the MOD APK version on our website to figure out! Do you have a dollar in your pocket or a room in your dorm? Prove that you were born for a better life to become a successful business manager, earn millions, and play My Success Story Business Game to write your own success story. In this game, you will achieve all your goals yourself, get your first job, rent a house, and start climbing the career ladder. Save money and start your own business. How long does it take to get the first million dollars? It's up to you. You have every opportunity in My Success Story Business Game. My Success Story Business Game is a small game of idle business. An Amway ad will pit the game popped up by other games. With the title of My Success Story Business Game, it is naturally reminiscent of the classic business game simulation. The start is personal. My Success Story Business Game, as a free downloadable mobile game, has unexpectedly detailed 3D modeling. Although the Q version of the cartoon style is still in use, the exquisite textures, the relatively elegant model, and the cute and appealing images will give you a fascinating experience. My Success Story Business Game has a very simple plot. The player finally grows up and needs to earn money to earn a living like everyone else. Before officially starting an independent life, there are four life goals to choose such as art flow, food flow, sports flow, and flow technologies. Select a start a simulated life. At a certain stage of the game you can open multiple lives and experience different careers. So, don't worry, choose the one you're most interested in. The guiding NPC in the game is not familiar. The old lady has rich makeup and a lovely smile, like the longevity queen of a particular country. It can't help but make people suspect that the player is a descendant of the royal family or the son of a nobleman. And she comes out to make money, not to make a living, but to experience life. As idle mini-games that players do not need many operations. As time passes, the player will automatically earn money, and what we have to do is not manipulate the character to complete various operations. He will not accept the player's control, but to do tasks and improve character attributes. Then, dress up the whole room. My Success Story Business Game is a casual game. Instead of staring at the screen of the phone every minute, it is better to go online with a few hours a few hours, collect a sum of money, and then upgrade the character or buy some furniture. Such a simple development makes the players a little empty and lonely. With the improvement of professional titles and hourly wages, we can finally move out of the small single-room house and live in a larger house for the largest single-family villa in the city. Without goals, there is no motivation to move on. In addition to making money, you can get better living conditions if you can get some fame and fortune. When the character reaches a certain level, the game will start the party function. Wearing costumes that correspond to the theme and accumulating

your popularity will also be one of the evaluation criteria for future career advancement. It takes money to study courses and to buy furniture. Of course, you also need money to complete your outfit. The income from on-hook is becoming more and more stretched. And game progress is always in a bottleneck period. The adorable grandmother will help. We saw other players complain on the Internet, saying that this game depends on grandma to survive. And we're very much in agreement. Watch a video for tens of seconds and you can get a few minutes or even ten minutes of income. The accumulation of little becomes increasing. My Success Story Business Game is a very relaxed and civilized free game. It has advertising, but we will not force it to show up. It can spend money, but it also gives players the right to choose whether to spend. Although the content of the interactive activity is tiny, it simulates the lives of different professions in the simplest form. How to Play My Success Story Business Game? Write your own success story to achieve all your goals yourself. Get your first job, rent a house, and start climbing the career ladder. Then, save money and start your own business. How long does it take to get the first million dollars? It's up to you. You have every opportunity in My Success Story Business Game. you live in in own house? Find a job to rent your first apartment. Dreaming of a brilliant career? Graduated from the university and held a senior position. Is social status important to you? Get married and start a family to improve your status in the community. You have millions of dollars, but still not enough? Win the casino and place bets on the stock market to double your income. You want to drive a luxury car? You can buy as many cars as you want. You still have enough money to buy some villas, a private jet, or even an island. Earn millions of dollars, gain infinite power, and write your own success story. The game adopts cartoon style. The screen is simple and sophisticated. And the stage layout is exquisite, giving players a different visual experience. The gameplay is simple: players must try to earn the first pot of gold so they can quickly get on track. Different stages of the game will have different policies to get rich. Players at an early stage have to sell their work for money. And then they can get money more conveniently in the latter stage. LifeSim 2 real-life simulator is a very fun simulation business game. This game adopts a cartoon style that its character scene design is very exquisite. The game simulates the protagonist's life of learning, buying things, playing slot machines, and finally becoming a president through your efforts. Have you ever wanted to be a successful person who has a real influence on the world? Take your chance in our new career, business and life simulation game. You can win the presidency, or you can die without giving up. You started out as a hobo with nothing. And your life is full of errors and the right decision is right in front of you. Will this be a painful or a success story? My Success Story Business Game MOD APK is a unique simulation game. The game simulates the lives of people. What's your life the way you want? The game is small but contains a philosophy of life. It is worthy of the outstanding quality of all. In the game, players pass the game more or less which will get some useful answers. The game is rich in content. At the beginning of the game, what players have to do is work hard and lay a solid foundation. So, you can get off to a good start in your life. In the game, players should always pay attention to their four attribute values. The gameplay is simple. The first thing players need to do is survive, make money through work, improve themselves, make themselves more outstanding, and make their quality of life better. Better.
